Dear Sir / Madam

We cordially invite you to participate in One Day National Seminar on Intellectual Property Rights with Focus on Business, Trade and Industry on Thursday, 25th August 2022.

About College

About Four decades back there was no college in the vicinity of 80 kms offering commerce degree course. In 1975, considering the need of the people of Jamakhandi, Mudhol, Raibag and Athani Talukas, the management took a bold decision to start a first grade college with "Bachelor of Commerce" course to begin with. The motto of late Shree Tammannappa Chikkodi, founding father of the Sangha, was to bring higher education to door steps of the down trodden and the weaker sections of the society in general and weaver community in particular.

The Sangha started "Bachelor of Arts" Course in June 1982 to provide an opportunity to the students to pursue higher education in the field of their choice. The course provides wide options to the students. The college was renamed "Shree Tammannappa Chikkodi Arts and Commerce College".

The Sangha started "Bachelor of Business Administration" (BBA) course in 1999. "Bachelor of Computer Applications" course was started in 2001. In 2009 Master of Commerce (M.Com), and 2014 Master of Arts in English, B.Sc. & in 2022 Research Centre was also introduced.

Introduction :

IPR is the right of the people over their intellectual creations. Ideas which are abstract representation of something must be protected once they have been materialized as a result of human intellectual effort. IPR is covering patents, copyrights, trademarks, industrial designs, geographical indications, protection of layout design of integrated circuits and protection of undisclosed information and protection of new plant varieties. Intellectual Property Rights (IPR) refers to Monopoly protection for creative works such as writing (copyright), inventions (patents), processes (trade secrets) and identifiers (trademarks). IPRs related law and rules are very difficult to understand for common people who are related with various types of business, industries and research. Therefore, this national seminar would be helpful to spread awareness regarding IPR and their related issues among students, researchers, faculty, business groups & organisations.
