2018-2019

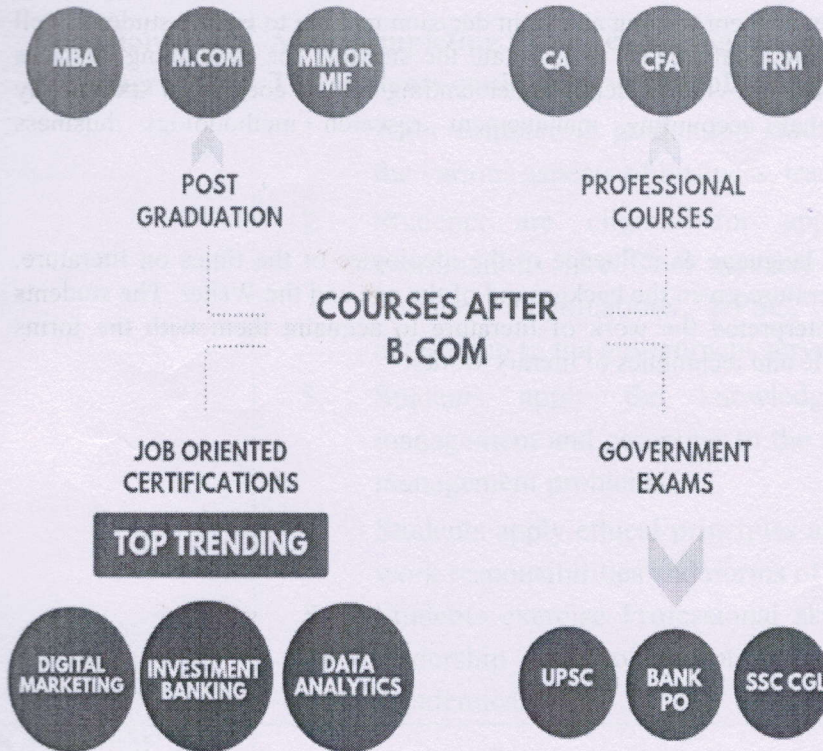

PROGRAMME OUTCOMES 2018-19

**B.COM**

The commerce and Finance professor curriculum officer specialisation and practical in this prequel the students to face the modern days challenges in commerce and business It is placement orientation professional course eligible to pursue to become a Company Secretary. This program could provide well trained professional for the industrial, banking sector, insurance companies, transportation is warehousing etc to meet the well trained manpower equipment the students should passes the knowledge skills attitude during the end of this program.

**BA**

The purpose of associate of the earth program is to guide each student towards attending a board culture background as foundation of his her and eventual professional and to ensure that students develop fundamental skills and to lifelong commitment to learning Students will communicate competitive through writing reading speaking and listening student will increase the understanding of the culture and Society in which they live career options are, tourism, linguistics etc they are eligible to appear from any competitive exams conducted by Union Public Service Commission Karnataka Public Service Commission etc

**BBA**

BBA program has been designed to prepare graduates for attending a following specific outcomes title thinking skills students are eligible to define analyse and device solution for structured and unstructured business problems

**BCA**

The curriculum prepare students for a career in Software Industry by the students with the latest revolution in technology the programs Aim sto educate students in Computer Science and information technology with dancing on hands on practical training in software development career after BCA system manager network system administrator to entrepreneurship software developer for techno Marketing System analytical web designing specialist database administrator

**BSC**

of Science of the BCA degree courses a graduate degree concern is science this course for the basics of science and comparisons of these subjects like physics chemistry and mathematics after the completion of Bsc degree there are various options available for the science students they can go for marketing degrees in Science that is MSc go in research areas can even look for professional job orientation course of an they may join only MNC companies after their completion of the course.

#### M.Com

Master of Commerce provides a systematic and rigorous learning and exposure to banking & finance related disciplines. To train the students to develop conceptual applied and research skills as well as competences required for effective problem solving and right decision making to enable students well versed in national as well as international trends to facilitate the students for conducting business accounting and auditing practices to provide in depth understanding for all core areas specifically advanced accounting International accounting management research methodology business environment and tax planning etc.

#### MA (English)

To understand an introduction to language & influence of the ideologies of the times on literature. Critically appreciate a work of literature given the background of the age and the Writer. The students will learn to read analyse and interpreted the work of literature to acquaint them with the forms structures and the aesthetics of style and techniques of literary works.

## PROGRAM OUTCOMES OF ARTS FACULTY

Program	Program Outcomes
<b>Bachelor of Arts</b>	<p>After the completion of three years Bachelor of Arts (BA) students could be able to gain:</p> <ol style="list-style-type: none"> <li>1. Ethical principles and become committed to professional ethics and responsibilities.</li> <li>2. Socio-scientific approach through literature enables to move forward from local to global.</li> <li>3. Acquiring enhanced vocabulary makes them good communicators, civilians and patriotic.</li> <li>4. Developing knowledge, analytical skills and reasoning for problem solving and decision making.</li> <li>5. Communicate concepts and information clearly and in various formats (oral, visual, written, etc.)</li> <li>6. Practice creative thinking and expression.</li> <li>7. Collaborate respectfully with others, individually and in teams.</li> </ol>

## PROGRAM SPECIFIC OUTCOMES OF THE ARTS FACULTY

Program	Program Specific Outcomes
<b>BA HISTORY</b>	<ol style="list-style-type: none"> <li>1. To learn the general course of human history in multiple areas of World History.</li> <li>2. Be acquainted with the range of issues related to the Indian History.</li> <li>3. Think and argue historically and critically in writing and discussion.</li> <li>4. Students will learn to explain how and why important events happen and change over time occurs</li> <li>5. Critically recognize the Social, political, economic and cultural aspects of history.</li> </ol>
<b>BA POLITICAL SCIENCE</b>	<ol style="list-style-type: none"> <li>1. Enables the students to grasp the knowledge of political ideals &amp; political philosophy.</li> <li>2. Learns about the politics of India along with constitutional structures &amp; institutions.</li> <li>3. Analyzing the Indian constitutional provisions, major legislations &amp; reforms.</li> <li>4. Building consciousness regarding national political history, International relations &amp; present Indian &amp; Western political thinkers.</li> <li>5. Examining India's foreign relations with her neighbors &amp; great powers.</li> </ol>

<p><b>BA ECONOMICS</b></p>	<p>After completion of the program, the students are able-</p> <ol style="list-style-type: none"><li>1. To provide students a fundamental education in Economics.</li><li>2. Acquire jobs in different sectors such as banking, industry, insurance companies, defense, planning department, CSO, NSSO etc.</li><li>3. Pursue Post-Graduation degree in Economics, MBA, B.Ed., LLB, and Demography.</li><li>4. Prepare and face the competitive examinations such as IES, UPSC, KPSC, Railway, and IBPS.</li><li>5. Start own Entrepreneurship.</li><li>6. Know the performance and status of India in World Economy.</li></ol>
<p><b>BA ENGLISH</b></p>	<p>Students who have taken admission to B.A. with English as specific subject of study is expected to achieve following outcomes.</p> <p>They are able to</p> <ol style="list-style-type: none"><li>1. After reading literature students can be emotive and creative to lead life. They can twist and turn the flexibility of language and make their writing fully filled with emotion and feelings.</li><li>2. After reading various subjects, students can earn command over the subject of their choice.</li><li>3. Students can peruse some professional courses such as B.Ed., B.PEd, LLB, MBA, and MA in the subject of their choice to make their career bright.</li><li>4. Subject knowledge they earn helps them to pursue career in the field of education, translation, freelancing, management, creative writing, editing, banking, publication, and journalism.</li><li>5. After learning arts students can get eligibility to write competitive exams to pursue their career in defense, banking, administration, and various government departments.</li></ol>
<p><b>BA HINDI</b></p>	<ol style="list-style-type: none"><li>1. Historic knowledge will help to understand the present scenario, makes them visionaries.</li><li>2. Gains respect and identity in the society.</li><li>3. Understand the significance of critical thinking, social interactions, economic development and sustainability.</li><li>4. Decision making in social and economic aspects of life leads to become successful entrepreneur.</li><li>5. Capable of progressing to post graduation or making career in various sectors like banking industry etc.</li></ol>

Program Outcomes of the Science Faculty

Program	Program Outcomes
<b>BACHELOR OF SCIENCE</b>	<p>After the completion of three years program in Bachelor of Science (B.Sc.) the students could be able to gain:</p> <ol style="list-style-type: none"><li>1. Acquired the knowledge with facts and figures related to various subjects in basic sciences.</li><li>2. Understood the basic concepts, fundamental principles, and the scientific theories related to various scientific phenomena and their relevancies in the day-to-day life.</li><li>3. Acquired the skills in handling scientific instruments, planning and performing in laboratory experiment.</li><li>4. Developed scientific outlook not only with respect to science subjects but also in all aspects related to life.</li><li>5. Enhancement of problem solving, critical thinking and analytical reasoning to boost the students with new syllabus.</li><li>6. Demonstrate basic analytical skills in algebra, aptitude, reasoning, and coding.</li><li>7. Developed scientific outlook not only with respect to science subjects but also in all aspects related to life.</li><li>8. Students will establish themselves as effective professionals by solving real problems through the use of computer science knowledge and with attention to team work, effective communication, critical thinking and problem-solving skills.</li><li>9. Students will develop professional skills that prepare them for immediate employment and life-long learning in their related fields.</li></ol>

Program Specific Outcomes of B.Sc.

NAME OF THE PROGRAM	PROGRAM SPECIFIC OUTCOMES
<p align="center"><b>B.Sc. with PHYSICS</b></p>	<ol style="list-style-type: none"> <li>1. Educating students in the core of physics including substantial practical &amp; experimental physics, while enabling students to train in both the theoretical &amp; practical aspects.</li> <li>2. Providing high quality education in physics within an environment committed to excellence in both teaching &amp; research.</li> <li>3. Constructing &amp; tackling problems of day to day life by correlating them with appropriate physical principles.</li> <li>4. Usage of mathematics in physics equations to describe interpreting results &amp; critically comparing them with experiment &amp; observations.</li> </ol>
<p align="center"><b>B.Sc. with CHEMISTRY</b></p>	<ol style="list-style-type: none"> <li>1. The Chemistry temperament among young students will be devolved to design and carry out scientific experiments and record accurately the results and analyze the achievements.</li> <li>2. Students will be able to explore new areas of research in both chemistry and allied fields of science and technology.</li> <li>3. Career opportunities for Chemistry Aspirants in Industries are: Analytical Chemist, Biotechnologist, Chemical Engineer, Healthcare scientist, clinical biochemistry, Forensic Scientist, Nanotechnologist, Pharmacologist Scientist, Scientific Toxicologist.</li> <li>4. Professional Opportunities for Chemistry Aspirants are: Civil Service fast Streamer, Environmental Consultant, Higher Education Lecturer, Management Consultant, Nuclear Engineer, Patent Attorney, Radiation Protection, Practitioner</li> </ol>
<p align="center"><b>B.Sc. with MATHEMATICS</b></p>	<ol style="list-style-type: none"> <li>1. Helps students to solve the problems in Physics, Chemistry and Computer Science</li> <li>2. Students are able to formulate and develop mathematical arguments in a logical manner</li> <li>3. Demonstrate basic analytical skills in algebra, aptitude, reasoning, and coding.</li> <li>4. Apply the underlying unifying structures of mathematics (i.e. sets, relations and functions, logical structure) and the relationships among them</li> </ol>

PROGRAMME OUTCOME, PROGRAMME SPECIFIC OUTCOME AND OF BCA

BCA.

PROGRAMME  
OUTCOME

**Programme's Mission & Vision**

- To provide skilled manpower to the professional, industrial and service sectors to meet global demands and also to provide intellectual leadership to the community.
- To help and promote the cultural heritage of the nation and preserve the environmental sustainability and quality of life.

**Objectives**

- a) To attract young minds in order to bring out the already in computer hardware, software and networks.
- b) To inculcate logical thinking amongst the young minds.
- c) To be a foundation graduate Programme which will act as a feeder course for higher studies in the area of Computer Science/Applications. c) To develop skills in software development so as to enable the BCA graduates to take up self employment in Indian & Global software market.
- d) Become a responsible citizen with leadership qualities to strengthen India's economy in the IT sector.
- e) Analytical and computational approaches on and face the challenges boldly.
- f) The student should drive scientific and societal advancement through technological innovation and become a successful entrepreneur.

**Programme outcome:**

The students will be able to

- Acquire skills and information not only about Computer and Information Technology but also in communication, organization and management.
- They are well equipped with the skills of Engineering approach in software development.
- Get to learn programming languages such as C, C++, HTML, SQL, DBMS, Networking etc.
- Information about various computer applications and latest developments in IT and communication systems is also provided. They develop an ability to acquire and apply new knowledge as

	<p>needed, using appropriate learning strategies.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> apply knowledge of computing and mathematics appropriate to the discipline.</li> <li><input type="checkbox"/> identify, formulate, and develop solutions to computational challenges.</li> <li><input type="checkbox"/> design, implement, and evaluate a computational system to meet desired needs within realistic constraints.</li> <li><input type="checkbox"/> function effectively on teams to accomplish shared computing design, evaluation, or implementation goals.</li> <li><input type="checkbox"/> Ability to work in team and build leadership qualities.</li> <li><input type="checkbox"/> Importance of time in completing the projects on time.</li> <li><input type="checkbox"/> Will be well equipped with thorough knowledge of various softwares.</li> <li><input type="checkbox"/> Will be familiar with working with various operating system platforms.</li> <li><input type="checkbox"/> Understand the professional, ethical, legal, security, and social issues and responsibilities in computing profession.</li> <li><input type="checkbox"/> Analyse impacts of computing on individuals, organizations, and society.</li> <li><input type="checkbox"/> Recognition of the need for and ability to engage in continuing professional development.</li> <li><input type="checkbox"/> Will be able to choose appropriate techniques, skills, and tools necessary for</li> <li><input type="checkbox"/> Designing of correct models in the construction of software systems of varying complexity.</li> </ul>
<p>PROGRAMME SPECIFIC OUTCOME</p>	<p>The students acquire a depth and rigorous knowledge on software development process and the milestones to be met          Can be immediately recruited in both (within) the country and in the global software market.          Will also be eligible to persue MCA, DAAD, GRE-TOFEL for MS degree..</p>

## Bachelor of Business Administration (BBA 3 Years)

---

### Programme Objectives (PO)

The objectives of BBA Programme are:

- To remember the conceptual knowledge with an integrated approach to various functions of management.
- To develop leadership and communication skills to become successful business leaders and managers.
- To encourage and develop critical thinking, analysis and initiative ability skills.
- To develop problem-solving skills through experiential learning and innovative pedagogy to ensure utilization of knowledge in professional careers.
- To apply the various concepts, theories and models in the area of HR, Marketing, Finance. **PO6:**
- To develop a positive attitude and life skills to become a multi facet personality with a sense of environmental consciousness and ethical values.

### Programme Learning Outcomes (PLO)

The expected outcomes after completing the program would be:

**Management knowledge:** Acquire adequate knowledge through principles, theory and models of business management, Accounting, Marketing, Finance, IT, Operations and Human Resource.

**Communication:** Demonstrate proficiency for Business Communication for effective and professional business management.

**Technical Knowledge:** Acquire employability skills through practical exposure of IT and its usage in management.

**Investigation of Business Problems:** Analyze and comprehend the applicability of management principles in solving complex business issues.

**Entrepreneurial Perspective:** Develop entrepreneurial skills to become an entrepreneur.

**Environment and Sustainability:** To build perspective about global environment including cultural, social and sustainability issues.

**Leadership Skills:** Ability to develop group behavior and lead a team to achieve the individual, group and organizational goals.

**Ethics:** Understand importance of ethics in business decision-making and inculcate the spirit of social responsibility.

**Global Perspective:** Comprehend the applicability of management principles in the situations pertaining to global business world.

**Area Specific Expertise:** Apply various concepts, theories and models in the functional areas of business like Marketing, HR and Finance in the Organizations.

**Cross-Disciplinary Integration and Strategic Perspective:** Acquire and apply knowledge of economics, mathematics, statistics and production and operation management and its integration relevant to business decisions.

**Legal Knowledge:** Obtain legal knowledge of various business operations for effective decision-making.

### **Program Specific Outcomes (PSO)**

Acquire Practical learning through summer internship, industrial visit and Business Plan etc.

Demonstrate analytical and problem-solving skills through core elective area of specialization in Finance, Human Recourse, and Marketing to solve the business issues.

Understand and develop the new dimensions of knowledge through open electives to cater the need of the industry.

Program Outcomes of M.COM.

NAME OF THE PROGRAM	PROGRAM OUTCOMES
<b>MASTER OF COMMERCE</b>	<p>After the completion of TWO years program in Master of Commerce the students could be able to gain:</p> <ol style="list-style-type: none"><li>1. The degree leads to the comprehensive knowledge of the subject.</li><li>2. Students can write competitive examinations like UGC-NET, SLET, and M.Phil., Ph.D. and can get the job of assistant professors at colleges and universities.</li><li>3. Subject knowledge helps them to pursue their career in the field of education, translation, research, teaching, freelancing, management, creative writing, editing, banking, publication, and journalism.</li><li>4. Master Degree helps students getting through the competitive exams.</li><li>5. ### COURSE OUTCOMES OF M.COM.

	Course Code & Name	Outcomes	
M.COM. I Sem.	A020 Advanced Marketing Management	CO1	To familiarize the students with the fundamentals of marketing including marketers' perspectives
		CO2	To make the students understand the concepts of product design
		CO3	To know the implications of distribution & channel integration decisions
		CO4	Enabling the students to understand the importance and process of MIS and its usages in the organizational context
		CO5	To understand the implications of current trends in online marketing
M.COM. I Sem.	A030 Financial Management	CO1	To acquaint the students with various methods and techniques of financial management
		CO2	Understand and analyze the capital structure and its approaches
		CO3	Students can understand evaluation of capital budgeting approaches
		CO4	Students can acquire knowledge about dividend decisions in practice with various models
		CO5	Calculation of working capital requirement and components of working capital.
M.COM. I Sem.	A010 Strategic Management	CO1	To understand the framework across strategic analysis, strategy formulation and strategic implementation
		CO2	To study the environmental analysis and diagnosis with models
		CO3	To know the formulation of strategy and its choice
		CO4	To study the relationship between formulation and implementation of strategy
		CO5	To understand the techniques of strategic evaluation and control

M.COM. I Sem.	A040 Applied Economics for Business	CO1	The basic understanding of managerial economics into the fundamental concepts of economics.
		CO2	Able to understand of various approaches of consumer behavior and derivation of demand accordingly.
		CO3	Able to understand and discussed the probable outcomes of concept of Production & functional relationship. Specific laws related to behavior of production, externalities.
		CO4	Able to understand the probable outcomes of concept of Costs & their functional relationship specific laws related to behavior of cost functions with simple problems.
		CO5	Able to understand and discussed the probable outcomes of various forms of market and their operations with regard to determination of price, output and existing realmarket. Able to understand the probable outcomes of various trade cycles such as depression prosperity, peak and recession.
M.COM. I Sem.	A110 Managerial Accounting	CO1	Understanding about the concept of management and tools and techniques of it.
		CO2	Gain knowledge about marginal costing and break-even analysis.
		CO3	Understanding different methods of financial analysis and interpretation tools and different types of ratios.
		CO4	Acquire knowledge about preparation of fund flow statement and cash flow statement.
		CO5	Understand the techniques of uniform costing and inter firm comparison.
M.COM. I Sem.	A120 Stock Market Operations	CO1	Understanding the overview of securities market
		CO2	Understanding role, importance and working system of primary market
		CO3	Understanding functions, members of secondary market and SEBI's trading mechanism.
		CO4	Understanding depository services, its types and legal framework for protecting investor's interest.
		CO5	Understanding environment of international stock exchanges,

			and major international stock exchanges
M.COM. II Sem.	B010 Business Research Methodology	CO1	Understand the concepts of business research
		CO2	Acquire knowledge about methods of data collection and sampling
		CO3	To understand data processing and analysis
		CO4	To know the statistical applications
		CO5	To learn how to write business reports
M.COM. II Sem.	B030 Corporate Restructuring	CO1	To understand significant motives of Corporate restructuring
		CO2	To understand the basic issues of mergers and acquisitions
		CO3	To understand the implementation of merger and acquisition
		CO4	To understand the SEBI takeover code
		CO5	To understand the working measures for control of industrial sequence
M.COM. II Sem.	B020 Quantitative Techniques	CO1	Understand the uses of quantitative techniques in business and industry
		CO2	Gain knowledge to optimize the objectives with limited resources by using Linear Programming Problem.
		CO3	Understand the optimum methods to reduce the transportation costs and optimum assignment of salesman.
		CO4	It explains planning, sequencing and scheduling the various activities to complete the job or project using PERT & CPM
		CO5	To acquire knowledge about decision making under different environments
M.COM. II Sem.	A210 Advanced Corporate Accounting	CO1	To acquire knowledge about preparation of final accounts
		CO2	To understand the accounting treatment in internal and external reconstruction
		CO3	Preparation of consolidated financial statements in case of holding companies
		CO4	To understand provisions relating to buy back of shares and methods of buy back of shares.
		CO5	To understand the methods of trading in financial instruments and its presentation in the books of accounts.
M.COM.	A220	CO1	To acquire knowledge about investment process planning and

II Sem.	Investment Analysis and Portfolio Management		various investment alternatives
		CO2	Provision of knowledge on fundamental analysis and technical analysis of securities
		CO3	To understand capital market theory along with practical examples
		CO4	To evaluate portfolio construction
		CO5	Determination of different methods of portfolio revisions
M.COM. II Sem.	H070 Indian Economy	CO1	Understanding the characteristics of Indian economy and aspects of national income.
		CO2	To study the Indian demography, urbanization, poverty and infrastructure.
		CO3	To know agricultural and industrial growth and development.
		CO4	To gain knowledge on working of money and capital markets
		CO5	To analyse financial and trade reforms of India
M.COM. III Sem.	C010 Business Research Methods	CO1	Understand the concepts of business research
		CO2	Acquire knowledge about methods of data collection and sampling
		CO3	To understand data processing and analysis
		CO4	To know the statistical applications
		CO5	To learn how to write business reports
M.COM. III Sem.	C020 International Financial Management	CO1	Understand the International Financial Management
		CO2	To understand in depth about Foreign Exchange Methods
		CO3	To evaluate Foreign Exchange Risk Management and Economic Exposure
		CO4	To design global financing strategy.
		CO5	Determination of Capital budgeting and working capital management of MNC's
M.COM. III Sem.	C110 Financial Markets and Institutions	CO1	To understand the structure of Indian financial system
		CO2	To understand recent developments in money market and capital market

II Sem.	Investment Analysis and Portfolio Management		various investment alternatives
		CO2	Provision of knowledge on fundamental analysis and technical analysis of securities
		CO3	To understand capital market theory along with practical examples
		CO4	To evaluate portfolio construction
		CO5	Determination of different methods of portfolio revisions
M.COM. II Sem.	H070 Indian Economy	CO1	Understanding the characteristics of Indian economy and aspects of national income.
		CO2	To study the Indian demography, urbanization, poverty and infrastructure.
		CO3	To know agricultural and industrial growth and development.
		CO4	To gain knowledge on working of money and capital markets
		CO5	To analyse financial and trade reforms of India
M.COM. III Sem.	C010 Business Research Methods	CO1	Understand the concepts of business research
		CO2	Acquire knowledge about methods of data collection and sampling
		CO3	To understand data processing and analysis
		CO4	To know the statistical applications
		CO5	To learn how to write business reports
M.COM. III Sem.	C020 International Financial Management	CO1	Understand the International Financial Management
		CO2	To understand in depth about Foreign Exchange Methods
		CO3	To evaluate Foreign Exchange Risk Management and Economic Exposure
		CO4	To design global financing strategy.
		CO5	Determination of Capital budgeting and working capital management of MNC's
M.COM. III Sem.	C110 Financial Markets and Institutions	CO1	To understand the structure of Indian financial system
		CO2	To understand recent developments in money market and capital market

		CO3	To acquire knowledge about theories and structure of interest rate
		CO4	To create awareness on regulatory aspects of banking and financial institutions
		CO5	To understand about investment institutions and regulatory framework of it
<b>M.COM. III Sem</b>	<b>C120 Corporate Accounting</b>	CO1	To create awareness about accounting practices relating to various issues of corporate accounting
		CO2	To acquire knowledge about preparation of final accounts
		CO3	Valuation of different methods of goodwill and shares
		CO4	To understand the accounting treatment in internal and external reconstruction
		CO5	Preparation of consolidated financial statements in case of holding companies
<b>M.COM. III Sem.</b>	<b>C130 Accounting for Specialized Institutions</b>	CO1	Learn the concept of insurance and provisions relating to final accounts.
		CO2	Acquire knowledge about preparation of final accounts of electricity companies.
		CO3	Students can understand legal provisions of banking companies relating to final accounts
		CO4	Students can acquire knowledge about preparation of final accounts of hotel undertakings
		CO5	Students can acquire knowledge about preparation of final accounts of hospital undertakings
<b>M.COM. III Sem.</b>	<b>OEC Statistics</b>	CO1	Understanding frequency distribution, Measure of central tendency
		CO2	Understanding about skewness and correlation
		CO3	Understanding about correlation and regression
		CO4	Understanding probability, law of probability, and law of probability
		CO5	Understanding binomial distribution, Poisson distribution and normal distribution
<b>M.COM.</b>	<b>D020 International</b>	CO1	To understand the concepts of international trade policies and relations

IV Sem.	Business	CO2	To know growth of multinational corporation and criticism on multinationals
		CO3	To understand Global competitive Alignment matrix, mapping competitive shift.
		CO4	To understand the concepts of export import policies and franchising.
		CO5	WTO and Liberalization of agriculture trade.
M.COM. IV Sem.	D010 Electronic Commerce	CO1	To understand the concepts of E-Commerce
		CO2	To know different electronic payment systems.
		CO3	To understand Business to Consumer model of E-commerce
		CO4	To understand Business to Business model of E-commerce
		CO5	Working with Accounting Software (Tally).
M.COM IV Sem	D020 International Business	CO1	To understand the concepts of international trade policies and relations
		CO2	To know growth of multinational corporation and criticism on multinationals
		CO3	To understand Global competitive Alignment matrix, mapping competitive shift.
		CO4	To understand the concepts of export import policies and franchising.
		CO5	WTO and Liberalization of agriculture trade.
M.COM. IV Sem.	D110 Security Analysis and Portfolio Management	CO1	To acquire knowledge about investment process planning and various investment alternatives
		CO2	Provision of knowledge on fundamental analysis and technical analysis of securities
		CO3	To understand capital market theory along with practical examples
		CO4	To evaluate portfolio construction
		CO5	Determination of different methods of portfolio revisions
M.COM. IV Sem.	D120 Innovation in Accounting	CO1	Understand guidance note of ICAI on price level accounting.
		CO2	Acquire knowledge about valuation of human resources.

		CO3	Understand social and environmental accounting practices of Indian companies
		CO4	To acquire knowledge about accounting for intangibles and brand valuation
		CO5	To understand ethical issues involved in creative accounting and role of forensic accounting.
<b>M.COM.</b> <b>IV Sem.</b>	<b>D130</b> <b>Mutual Fund</b>	CO1	To familiarize the study about the concept of mutual fund
		CO2	To understand the KYC and PAN requirement for Mutual fund documentation and fund transactions through stock exchanges, investment services
		CO3	To acquire the knowledge about various drivers and measures of return and risk in mutual funds
		CO4	Acquaint the students with different types of mutual funds
		CO5	To understand of MF Tax provisions, dividend payouts, indexation and capital gains tax.
<b>M.COM.</b> <b>IV Sem.</b>	<b>D 030</b> <b>Project Report</b>	CO1	To formulate research problem statements
		CO2	Enabling the students to articulate hypothesis, objectives etc.
		CO3	To develop research design.
		CO4	To acquire knowledge about data collection, tabulation, analysis using various statistical tools
		CO5	To understand the art of research report writing.

M.A. ENGLISH

PROGRAMME OUTCOMES (POs)

- On successful completion of M. A. English programme, the students would have
- developed mastery of English language skills and forms to be used in explicitly
- meaningful contexts through literature and criticism
