Grievance Report

From
Prof. Getta Sajjan
HOD of Commerce
STC College Banahatti

To
IQAC co-ordinator
STC College Banahatti

Respected Sir,

Sub: Students Grievance report

- Permission for not attending classes due to CA course
- Requesting for computer lab
- Report regarding complaints required about student miss contact in college campus
- Leave for internal exams
- Giving internal marks for sports quota students Regarding proper washroom for girls

As mentioned above the solution to all these problems is as follows

1. Permission for not attending classes due to CA course

We approve them to attend the course a part from the academic year and ask them to bring the documents for that year. Then we give the internal marks to the students in commerce sector CA is a most valuable course so be support our students for doing this course and so many of old students passed CA exam this is the proud feeling of our college.

In the academic year 2022-23 some of the students do not attendular classes because they have attending CA online class and sum of doing CA course in other cities like Chennai Bangalore Pune etc. And we collect all the information and ask them to provide all subjects assignment internal test paper for the purpose of documentation and then we provide internal marks to the students

2. Requesting for computer lab

We have asked the principal sir for Commerce computer lab and he has promised to this computer lab is important for Commerce students because they know the computer programming and they have some subjects like accounting related to tally etc. Computers provides more knowledge to the students and it also helpful for when they attempt for job opportunity nowadays computer knowledge is most important for students

In our commerce sector has so many number of students please up to 400. So you provide at least 30 computer this is helpful for our students.

3. The complaints received about students miss behavior in college campus

In the case bad name of the college due to behaviour of the students damage to the reputation of the college so I request to principal sir strict action should be taken against such students

It is the duty of every student to respect teachers and have a good opinion of the college and due to the behavior of one student the rest of the students are spoil creating a bad atmosphere for the students and their college and students are not focused in the studies and exams

We requested the principal sir remove those who is behave in college this will not spoil atmosphere of our college.

4. Leave for internal test

If the students miss the internal examination they will be free examined and given internal marks

We will schedule an re examination date for students who is absent for the exam In one academic year we conduct to internal test for giving internal marks and some students not attend eternal exams for their health issues family function etc.

So those students who given to me there apology letter for internal marks and then we conduct free exam for them.

5. Giving the internal marks for sports quota students

Who brought name to our college in sports quota and internal mark is given by us in this form of encouragement

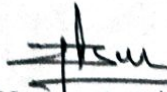

Sports are one important part of student's life and sports are more beneficial for body and as well as mind and it creates good health to the students

You provide attendance for sports quota students and give them extra Marks Our college getting good name and fame from this sports quota students and encouraging this students is our responsibility and those are not attend regular classes and then they provide apologize letter and with decided to give a attendance and internal marks.

6. Regarding proper washroom for girls

We told the principal sir about this matter in our college there is only one washroom for girls and that is also not clean at some time and there is no water facility and there is no proper taps so we believe that you will provide proper washroom for girls

Thanking you,

Yours faithfully
Prof. Geeta Sajjan
